SUMMARY - INCUBATION

A traditional off-white structure with columns and stairs in front is located in a city environment. Cars with headlights are in the immediate vicinity. Woods can be found to the upper left of this structure and a muddy drainage system. Light, heat, linear motion, and exhaustion, are related to the piping. A fountain, cinder block wall, and ramp are present. A lapse, indentation, gap, division or impression, is structurally clear cut into the lower front of the structure. The purpose of the building is logistics related and involves statesmanship. Communication devices are present. A circular object associated with the color red is shaped like a cake pan with a raised center.
